These easy packages bundle magazine ads, website banner ads, newsletters, press releases, social media posts and extra services as listed. These are our most attractive marketing and promotion packages in which we combine the best of what we have to offer with the highest discounts. Rates are monthly.

An award-winning publication and...

A Priceless Concept

X-Ray Mag has led the way in media innovation ever since it was launched in 2003. It is a ground-breaking complimentary magazine brought to you by world-class contributors and distributed across all the continents.

With a novel approach to content and a widescreen layout created for both on-screen viewing and paper printout, X-Ray Mag rapidly built and retained a solid six-figure readership across the world.

Not only is the magazine itself interactive with clickable ads, but another first is its tight integration with web-sites and social media channels, making for a coherent and complete media platform with multiple channels.

Contrary to widespread belief, X-Ray Mag is actually not "paperless" — we only made printing optional. But who wants paper? Each issue is approximately 200 standard pages. All current issues printed out would tip the scales at 50 kg!

*No
apps
needed*

*X-Ray Mag's
distribution,
extremely
competitive rates
and unique
"clickable ads"
make for one of
the most exciting,
attractive and
environmentally-
friendly advertising
platforms when
it comes to
reaching out to
new audiences
and reinforcing
your message with
existing ones.*

*Divers
like it
"Free"*

What does a "free magazine" mean for advertisers?

Divers and non-divers alike have embraced the concept of a "free" magazine. Like the free daily newspapers that came about at the turn of the millenium, X-Ray Mag's popularity and circulation is building rapidly.

This means that you can reach a targeted audience of thousands of divers and dive travelers as well as potential new divers who enjoy a high engagement in media and seek follow-up activity in diving.

Content is King

Social media and networks, Facebook, blogs, Twitter, Flickr, Instagram, YouTube, micro-blogging... are you confused? Don't know where to go for good info? Don't worry, you are not alone.

The bottom line is that fashions come and go in the media, too. Do you remember yesteryear's hype about being on Second Life? No? Well, there you have it! Who cares now?

Information and infotainment is the core issue and has been since humankind sat around the campfire in the Stone Age listening to the tales of their ancestors.

X-Ray Mag provides **original content** in a way that confuses no one—via magazine issues and a news website. Plain and simple.

*As TOMORROW's readers
also download TODAY's and
LAST YEAR's issues, your
message will be seen by your
FUTURE customers.*

Content Creation Services

Need assistance with creating content? No problem! X-Ray Magazine and partners provide bespoke services, including in-depth destination and gear reviews for publication in both X-Ray Mag and other media and can provide photography and copy for many other usages and outlets — including brochures, catalogues and websites.

More details on page 5 ►

Editorial Services & Content Creation

360° panoramic imagery is provided in collaboration with Riess PhotoDesign.

A writer paints a word picture and a photographer aims to tell a story with images rather than words. A Content Creator takes both mediums—words and imagery—and assembles them into elements suitable for a wide range of media products—from word-centric documents, image-centric posts, social media shares, audio and video files to searchable lists.

Providing the Expertise

Today's marketing demands new strategies in the form of content creation. Most businesses understand this for targeted marketing, but lack the expertise or resources to properly deliver anything more than the occasional facebook post or perhaps an e-newsletter.

What goes into X-Ray Mag does not stay solely with us. Any article that X-Ray Mag has rendered can be repurposed into a standalone PDF to be used, distributed or shared by our client however they see fit.

In the ever-changing world of media, print no longer has the dominant impact it once enjoyed as digital mediums continue to seek new ways to attract audience attention.

Both marketing research and personal experience points to the fact that conventional methods are increasingly

Specialized Agency

We provide full spectrum content creation and marketing services specializing in recreational diving and dive tourism through our team of skilled copy writers and image makers, and partners across the globe.

Among our suite of professional services—photography, copywriting, design and layout for both print and digital media, etc—our specialties also include proactive content generation and ad placement services, organic marketing initiatives and social media maintenance for a select range of clients.

less effective, and pay-per-click and post boosting can be quite expensive and not always effective.

The emerging alternative is actually a new take on a proven strategy, tracing back to the old saying that “content is king.” In the digital realm, this means creating authentic,

Open Source Imagery Creation

Imagery of the kind published in articles in X-Ray Mag, can be made available to the client royalty free. Use of additional imagery from other sources can only be provided as negotiated and agreed upon.

original stories that have tangible value to the audience. The Internet rewards such content through both search and sharing, and audiences are far more likely to believe and respond to this type of content.

This is where we excel.

Resort Reviews

Content that is funded by an advertiser but produced by X-Ray Mag journalists.

Equipment Reviews

Content that is funded by an advertiser but produced by X-Ray Mag journalists.

Branded Content

We can work with you to create custom content (text, photos and articles) about your brand.

Editorial Sponsorship

Content that is funded by an advertiser but produced by X-Ray Mag journalists.

Wordsmithery for advertising, press releases and other forms of marketing

Multiple media & multiple platforms — all are interacting

Our various media platforms are highly integrated, and stories and news are not just shared across the channels but often interlinked.

Our flagship media, the award-winning magazine, is a periodical in which we publish longer features, travel reports and in-depth articles, along with regular columns.

Meanwhile, our websites report on current and daily news and act as an extensive resource and library for everything dive-related. This is also where we display video and 360° imagery.

In addition and in parallel, the bulk of our content and news is also broadcast via our associated social media channels: Facebook and Twitter foremost, and Instagram.

Workflow & Services at a Glance

Magazines

3 X-Ray Mag is our peridical. Each issue contains about 100 double pages. All issues—over 15 years worth—are free to download.

2 Article on subject matter in X-Ray Mag. This can also be downloaded separately from the website—see point 5.

Websites

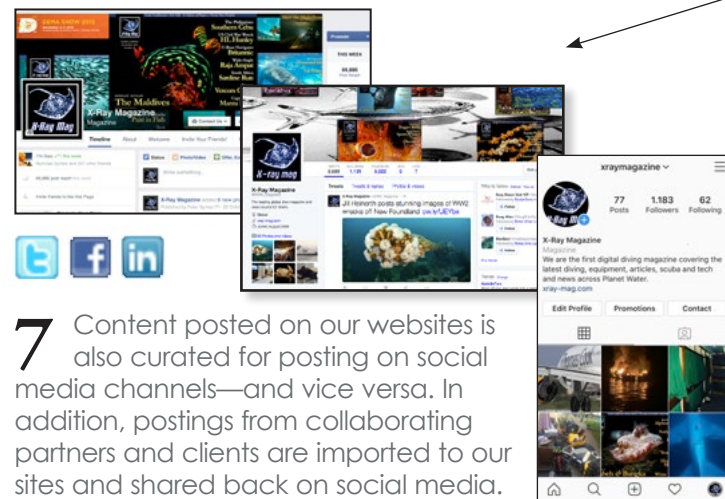

6 X-Ray Mag's website: xray-mag.com. News and press releases are continually posted on the front page.

5 Features and news are collated by subject matter in **sections** on xray-mag.com. The example above features news and articles about Indonesia.

4 Articles from X-Ray Mag are also posted as a webpage—in this case, a resort in Indonesia—one that was also listed on the section page shown previously.

Magazines, websites, social media channels, newsletters and B2B services interact in a complete and coherent media ecosystem where features flow seamlessly from one media outlet to another—with news often flowing in both directions.

Social Media

7 Content posted on our websites is also curated for posting on social media channels—and vice versa. In addition, postings from collaborating partners and clients are imported to our sites and shared back on social media.

Newsletters

8 Newsletters with current news and special offers goes out at regular intervals.

*Need text and images?
Content is also provided for third-party use.*

Content Creation

1 Content is created by editors and copy writers for multiple outlets all at once: articles for the media in our own group such as X-Ray Mag, our websites and social media channels. We also provide materials, narratives and photos for use with other platforms, catalogues, website and other media.

Blog

9 X-Ray Mag carries in-depth reviews and op'eds.

B2B Services

11 Narratives and images. New in 2020: 360° panoramas (topside and underwater) by Riess FotoDesign.

12 Brochures and catalogues

13 Website creation or upkeep

'Dive Magazine'
Human gills invented.

'Scuba Tidings'
Turtles farm jellyfish in open ocean pens

'H₂O Headlines'
English Channel drying up exposing war wrecks

'Wet News'
Wreckage of Columbus' ship found off Iceland

10 Collaborating media in various countries and fields are takers of our curated content and syndicated news and features.

Who reads X-Ray Mag?

Our readership is characterized by a close ratio of male and female readers, many of whom are dive instructors (we work with training agencies). The audience is well-educated and relatively affluent, with sizeable disposable incomes to spend on leisure.

Expenditure on diving

(Multiple answers possible)

9% It varies / I prefer not to say.
16% I travel by myself.
24% I travel with my regular buddy.
21% I travel with my diving domestic partner.
6% I travel with my non-diving domestic partner,
11% I travel with the family.
14% I travel with friends or colleagues.

Distribution

X-Ray Mag is widely read alongside national and local titles worldwide. While it may be the primary dive publication in some areas, its global reach makes for an unparalleled and unprecedented large total readership.

Consequently, our media constitutes an attractive and effective one-stop shop for reaching audiences in most regions all at once.

TOTAL World-Wide Readership: 171,500

(Benchmarked 25 September 2019)

Direct Downloads: 64,000 -79,000 copies per issue

Each new issue sees not only a surge of downloads upon publication, but new readers also visit our archives and download back issues too. ►

Newsletter Subscribers: 34,500

Of these, 10,600 are industry professionals, instructors, dive centers, resorts, operators and other decision makers—an authentic B2B mailing list! The mailing lists are automatically kept tidy and purged of stale contacts.

Viral Distribution: 32,700 copies (est.)

Enthusiastic readers of X-Ray Mag forward and copy issues to others. Users of social media repost or bookmark our magazines, or articles, creating a substantial secondary distribution beyond our site. Surveys have shown that sharing contributes 25-30% of our circulation.

NAUI: undisclosed

Since 2007, NAUI professional members and divers have been receiving X-Ray Mag subscriptions—regular e-newsletters with download links announcing each new issue. In addition, NAUI promotes X-Ray Mag to tens of thousands of new divers each year. Every NAUI student worldwide receives X-Ray Mag's free sign-up instruction card in the NAUI student kit. ►►

Distribution Partners: 21,800 est.

X-Ray Mag has teamed up with DivePhotoGuide.com, UnderwaterTimes.com, Wetpixel.com, Underwater.com.au, ScubaBoard.com and many other distribution partners, including some manufacturers.

AS TOMORROW'S readers also tend to download TODAY'S and LAST YEAR'S magazines, your message will also be seen by your FUTURE customers.

"At Waterproof, we understand that our market place is global, so we can't always rely on the immense number of small paper magazines—it's impossible.

Potentially, countries can be missed, and it's just too complicated to get your brand treated as you would like it.

With X-Ray Mag, you get worldwide penetration immediately, and your adverts are dynamic, leading customers directly to your website.

Plus, you can change copy at the last minute. If you make a mistake, you can fix it straight away, and work with very short lead times.

These are all very difficult to do with a regional paper magazine that has a 3-month lead time."

*Christer Falkeborn,
Managing Director — www.waterproof.eu*

Global presence, global readership

Each year, X-Ray Mag actively participates, as supporting media and exhibitor, in around 25 to 30 leading dive expos and events in Europe, USA and Austral-Asia, making it the only truly international publication in this industry.

Media Sponsorships include:

ADEX, Australia International Dive Expo, Beneath the Seas, DEMA, DykMässan (Stockholm), EuroTek, Malaysia International Dive Expo, Moscow Dive Expo, Our World Underwater (Chicago and Dallas), OzTek, TekDiveUSA, TekDive Europe and numerous local events.

Partnering with NAUI since 2007

NAUI, the second largest training organization in the world, also distributes X-Ray Mag. Recipients include existing NAUI members and dive professionals as well as the tens of thousands of new divers NAUI certifies each year, worldwide.

New members receive printed promotionals in their student kit, and both regular and professional members will receive the new magazines in their e-mail boxes until they unsubscribe.

Events will also be listed on the event calendar listed on: **xray-mag.com**.

General Trading Terms & Conditions

Workflows & Document Trails

The following documents will be issued from our accounting software: E-economic (www.e-economic.com). Thus, these communications will appear to come from "AquaScope Media ApS - X-Ray Magazine post@economic.com." Please add this domain to your whitelist.

As this third-party system logs all communications, including delivery receipts, it also serves as documentation that our communications have been received.

- Quote/Proposal
- Confirmation of Order
- Invoice
- Account Statements
- Reminders

What constitutes a contractual agreement?

As the services to be rendered and terms are already described in detail on a Quote/Proposal or Confirmation of Order with possible attachments, the Confirmation of Order also constitutes the contractual agreement between our parties in conjunction with these general terms.

In lieu of having to also sign, scan and email an accepted proposal or confirmation back to us, we consider it an acceptance if you:

- State by email that you accept a received quote or proposal.
- Do not contest a Confirmation of Order or Invoice.

Reservations & Deadlines

All customers must make a reservation to place an ad by the appropriate deadline. These are stated on the Confirmation of Order or Invoice and listed on xray-mag.com/Advertising.

An accepted or non-contested Confirmation of Order constitutes a reservation.

Completed artwork and materials must then be received by the copy deadline.

In case of late delivery, X-RAY MAG reserves the right to utilize the allocated space for other purposes. *All charges will still apply and no refunds will be given.*

Confirmations of Order and Invoices state payment information and pay by latest date, which is usually 10 days after publication for companies billable within the European Union (EU).

For clients residing outside the European Union payment is due at the stated reservation deadline prior to publication.

A final invoice (receipt) for your ad will be sent to you upon publication.

X-RAY MAG and its affiliates are not responsible for lost or damaged materials, late deliveries or loss or damages resulting from electronic transfer or communications.

Discounts

Discounts in the "All-inclusive packages" are based on the number of issues in which you advertise in a 6 or 12-month period. Insertion breaks for ads booked "à la carte" are earned at four-time and eight-time levels. Frequency rates are allowed in advance only with firmed contracts listing specific issues and received by the first closing date. Otherwise, frequency rates are allowed as earned.

"All-inclusive packages," "campaign packages" and other non-prepaid subscription-based advertising packages will automatically be extended at the end of the initial contract period unless otherwise cancelled no later than 40 days before end of period. *Receipt of cancellation notice must be confirmed by X-RAY MAG.*

Cancellations

Cancellations must be made in writing no later than 21 days before the next stated reservation date.

Advertisers who cancel their contract before it is complete will be short-rated at the rate earned and will be responsible for incurred costs.

Note "All-inclusive packages," campaign package deals, discounted offers and other non-prepaid subscription-based advertising packages are offered at discounted rates because they are binding and cannot be cancelled early.

Invoicing

Invoices are usually rendered in the month preceding publication. New

advertisers must pay in full for initial ad with order.

Deposits & Prepayment

For first time customers, we ask for a 40% deposit, which is due by reservation. For customers residing outside the European Union, prepayment is always required.

No Checks Please

We cannot cash them and the world has long since gone digital.

All payments can be subject to the bank's enquiries according to Danish and International anti-money laundering and anti-terror finance regulations and the customer may be required to provide proof of identity.

Late fees and interest

Finance charges for invoices outstanding beyond 30 days: €30 / US\$40 plus 2% per month of outstanding amount. Please note that in case of late payments, any discounts will also be annulled.

File Format

X-Ray Mag accepts only electronic files. Pdfs are required for magazine ads, jpgs or gifs for banner ads as per published specs.

Repeat Orders

When space is contracted for and no copy instructions are received by the closing date, previous copy will be repeated.

It is also presumed that orders are for insertion for the first coming issue unless otherwise specified.

These terms apply solely to services provided by X-Ray Mag and its publisher AquaScope Media ApS, Ahornsgade 6, Copenhagen 2200, Denmark -- company/tax/VAT registration number DK-30698223
Content creation services or other works provided by other collaborative partners are governed by their own respective trading terms.

Put It In Writing

Any verbal instructions regarding contracts, insertion orders or changes to copy must be confirmed in writing.

Positioning

Positioning of ads is at the discretion of the Publisher unless requested placement is ordered and confirmed in writing.

Rate Changes

Announcements of any rate changes will be made at least 60 days in advance of the closing date of the first issue affected.

Agency commissions

Advertising agencies will receive a 15 percent commission if complete digital files and acceptable proofs are supplied according to our digital specs and provided payment is made in a single transfer. If additional charges are incurred, the advertiser will be contacted before work is completed.

Advertiser and advertising agencies sending in files that are not compliant to the supplied file specifications forfeit their commission. Commissions are not paid on production charges.

Ad Content

X-Ray Mag reserves the right to reject any advertisement deemed unsuitable.

Publisher Liability

Conditions appearing on the contract, order or copy that conflict with the Publisher's policies will not be binding on the Publisher.

The Publisher's liability for any error will not exceed the cost of the space. The Publisher assumes no liability for errors in key numbers, nor if for any reason it becomes necessary to omit an advertisement.

Intellectual property rights

Unless otherwise agreed, intellectual property rights in materials prepared by AquaScope Media ApS belong to AquaScope Media ApS.

GDPR

As Aquascope Media ApS doesn't process data relating to a private person the GDPR-regulation is not applicable to AquaScope Media ApS' standard agreement. However, in the case of personal data is processed the terms in the Danish and EU-regulation on personal data protection (GDPR) is applicable. All collected data is within the legal limits for the purpose of fulfilling an agreement given to AquaScope Media ApS as an requirement of such an agreement and consensual. Data responsible officer is Peter Symes - contactinfo@xray-mag.com

Governing Law and jurisdiction

Any dispute relating to AquaScope Media ApS' works and products will be settled in accordance with Danish law and subject to the exclusive jurisdiction of the Danish courts and with The Court of Copenhagen as it first venue.

Validity

These terms are valid from 5 Oct 2019 until further notice. X-Ray Mag/AquaScope Media reserves the right to revise these terms at any given time.
