

# Media Info

# 2024

# An award-winning publication and... A Priceless Concept

X-Ray Mag has led the way in media innovation ever since it was launched in 2003. It is a ground-breaking complimentary magazine brought to you by world-class contributors and distributed across all the continents.

With a novel approach to content and a widescreen layout created for both on-screen viewing and paper printout, X-Ray Mag rapidly built and retained a solid six-figure readership across the world.

Not only is the magazine itself interactive with clickable ads, but another first is its tight integration with websites and social media channels, making for a coherent and complete media platform with multiple channels. Our various media platforms are highly integrated, and stories and news are not just shared across the channels but often interlinked.

Our flagship media, the award-winning magazine, is a periodical in which we publish longer

features, travel reports and in-depth articles, along with regular columns.

Meanwhile, our websites report on current and daily news and act as an extensive resource and library for everything dive-related. This is also where we display video and 360° imagery.

In addition and in parallel, the bulk of our content and news is also broadcast via our associated social media channels.

These are our most attractive marketing and promotion packages in which we combine the best of what we have to offer with the highest discounts. Rates are monthly. **Services are subscription-based and will automatically renew until you cancel.**

# Content is King

This 360° panoramic imagery is provided in collaboration with Riess PhotoDesign.

In the digital age, the landscape of media consumption is ever-evolving. While print’s influence has shifted, the essence of genuine storytelling remains paramount. Authentic narratives, rich in both words and imagery, forge a unique connection between the author and the audience, resonating deeply and leaving a lasting impact.

## The Power of Authentic Storytelling

Research and experience both indicate that traditional marketing methods are waning in effectiveness. Solutions like pay-per-click and post boosting can be costly and don’t always hit the mark.

### Timeless Principle

However, the timeless principle that “content is king” remains truer than ever. In today’s digital realm, it translates to producing original, value-driven stories that captivate and engage.

Such content not only garners attention but is also rewarded by the internet, through search visibility and shareability.

### Beyond Conventional Marketing

Many businesses recognize the need for content-driven marketing but often find themselves ill-equipped to consistently

produce compelling content beyond sporadic social media posts or e-newsletters.

At X-Ray Mag, we bridge this gap. Our content doesn’t just reside within our magazine. Every article we craft can be repurposed into a standalone PDF, granting our clients the flexibility to share as they deem fit.

### Your Specialized Content Partner

Our expertise spans the full spectrum of content creation, with a special focus on recreational diving and dive tourism.

Our global team of adept writers, photographers, and partners ensures that every piece we produce is of the highest caliber. From photography to copywriting, from design to layout, we offer a comprehensive suite of services tailored to both print and digital media.

Moreover, our proactive content generation, strategic ad placements, and organic marketing initiatives set us apart, making us the go-to choice for a select clientele. In a world where genuine connection is sought after, we excel in creating content that not only informs but also resonates.

## Amplify Your Branding: Articles & Ads Together

A unique and exclusive package for brands combines the publication of a detailed feature article with a comprehensive advertising suite.

X-Ray Mag transcends typical article writing. Our team of experienced photojournalists and skilled divers is dedicated to vividly portraying underwater adventures, land attractions, and local cultures.

### “Dive & Dine” feature articles

Our “Dive & Dine” feature articles are a hallmark. Unfolding over six extensive spreads, they mirror the depth of 10 standard pages.

Your target market will delve into detailed accounts of diving adventures, immersing in the local marine

and regional scenic allure. Our articles offer a preview of your accommodations and culinary experiences, introducing your facilities and notable staff.

Readers embark on a journey through nearby landmarks, enriched by historical and cultural insights. This comprehensive approach ensures a complete overview of what your destination or resort distinctively offers, providing a multi-faceted, engaging narrative that resonates with potential visitors.

**Link to further details and rates**

X-Ray Mag and partners provide bespoke services, including in-depth destination and gear reviews for publication in both X-Ray Mag and other media and can provide photography and copy for many other usages and outlets — including brochures, catalogues and websites.

# Enduring impact and sustained visibility

## Timeless Magazine & Web Articles Unite with the Instant Spread of Social Media

### Longevity and Depth

In an era dominated by fleeting social media posts, the depth and longevity of magazine and web articles stand out as a beacon of comprehensive and enduring information. Articles published in our magazine and on our website offer in-depth analysis, thorough research, and a lasting shelf life.

Unlike a social media post that gets buried under the avalanche of new content within minutes or hours, our articles continue to engage readers long after publication.

They serve as a reliable and permanent source of information, offering sustained exposure and long-term benefits for advertisers.

In the digital age, search engines are the primary tools people use to find information. When individuals seek in-depth information, analysis, or insights on a topic, they often turn to search engines like Google, Bing, or Yahoo.

### Searchable for years

This is where the enduring impact of magazine articles and web posts truly shines. These types of content are indexed by search engines and remain searchable for years, continuously attracting new readers and providing sustained visibility for your brand.

On the contrary, social media posts, while excellent for immediate reach and engagement, are not typically indexed by search engines in the same way. As

a result, the valuable information they contain can quickly become buried under new content, making it difficult for people to find and access them after the initial post.

### Complementary channels

This transient nature highlights the importance of utilizing social media as a complementary channel to amplify the reach of your more permanent, searchable content on your magazine and website.

By integrating social media with your magazine and web article advertising, you ensure not only the immediate visibility of your content but also its long-term discoverability through search engines, maximizing the impact and reach of your advertising efforts.

*As tomorrow's readers also download today's and last years' issues, your message will be seen by your future customers.*

## Earned Trust, Proven Excellence

X-Ray Mag is recognized for the high quality of our publication, content, and articles in the diving world.

Our consistent dedication to sharing insightful and valuable information has solidified our position as a trusted source, earning us both a loyal global readership and multiple prestigious awards. ►

At X-Ray Mag, we continually strive to deliver excellence and never compromise on credibility in every feature and post.

## How do YOU search?

Think about the last time you searched for information. Did you scroll through social media, or did you turn to a trusted search engine?

For most, search engines are the gateway to the world's knowledge. They lead us to reliable, in-depth articles and posts that answer our questions, provide insight, and offer solutions.

### Searchable content

At X-Ray Mag, we understand the power of searchable content. Over the years, we have posted more than 1,200 feature articles and over 8,000 other news posts online, transforming our site into a vast library and a trusted repository for dive-related information. Our extensive collection of articles and posts ensures that when individuals search for information related to diving, they find us. They find you.

Join us at X-Ray Mag, where your advertisements not only reach our dedicated readers but also become a permanent, searchable presence for anyone seeking dive-related information and insights.

## Crafting Trusted, Valuable Content

## Resort Reviews

Our team thoroughly assesses dive operations, resorts, and liveboards, ensuring credible reviews clients can use in marketing.

## Equipment Reviews

Our experienced team rigorously tests equipment over time, ensuring reviews surpass superficial glances, providing authentic, trustworthy insights.

## Branded Content

Branded content highlights your company's history, values, and vision, introducing key figures and solidifying your brand image in readers' minds.

# Our Readers

At X-Ray Mag, our readership is a vibrant mosaic of individuals united by a shared passion for diving. We boast a balanced ratio of male and female readers, including numerous dive instructors, thanks to our collaborations with training agencies.

### Affluent and Educated

Our readers are predominantly well-educated, holding substantial disposable incomes dedicated to their leisure pursuits. The majority are middle-aged individuals from various professional backgrounds including academia, middle management, craftsmanship, and business ownership. This group, characterized by their financial freedom, frequently embarks on dive expeditions, exploring the depths of the oceans.

### Emerging Young Enthusiasts

We also cater to a growing segment of younger enthusiasts, predominantly found in Asia, and increasingly in various European nations. This cohort, in their twenties, embodies an adventurous spirit, eager to delve into and discover the underwater world.

### Select Readership Data:

#### Expenditure on Diving

Europe: €3,900  
US/Canada: \$5,100  
Asia: \$2,900

#### Demographics:

Gender: 42% Female, 58% Male  
Median Age: Europe (39),  
US/Canada (48), Asia (26)  
Majority Age Group: 25-34 (26%)

#### Socioeconomic Details:

56% are married  
64% attended college  
Average Household Income:  
\$104,500 (US), with 36% earning more  
than \$120,000  
Household Size:  
Predominantly 2 persons (37%)

### Diving Details

Average Dives: 96, with 45% doing a minimum of 50 dives per year  
Equipment: 66% dive with a single tank  
Aspirations: 26% want a Nitrox course, 28% are dive masters or instructors

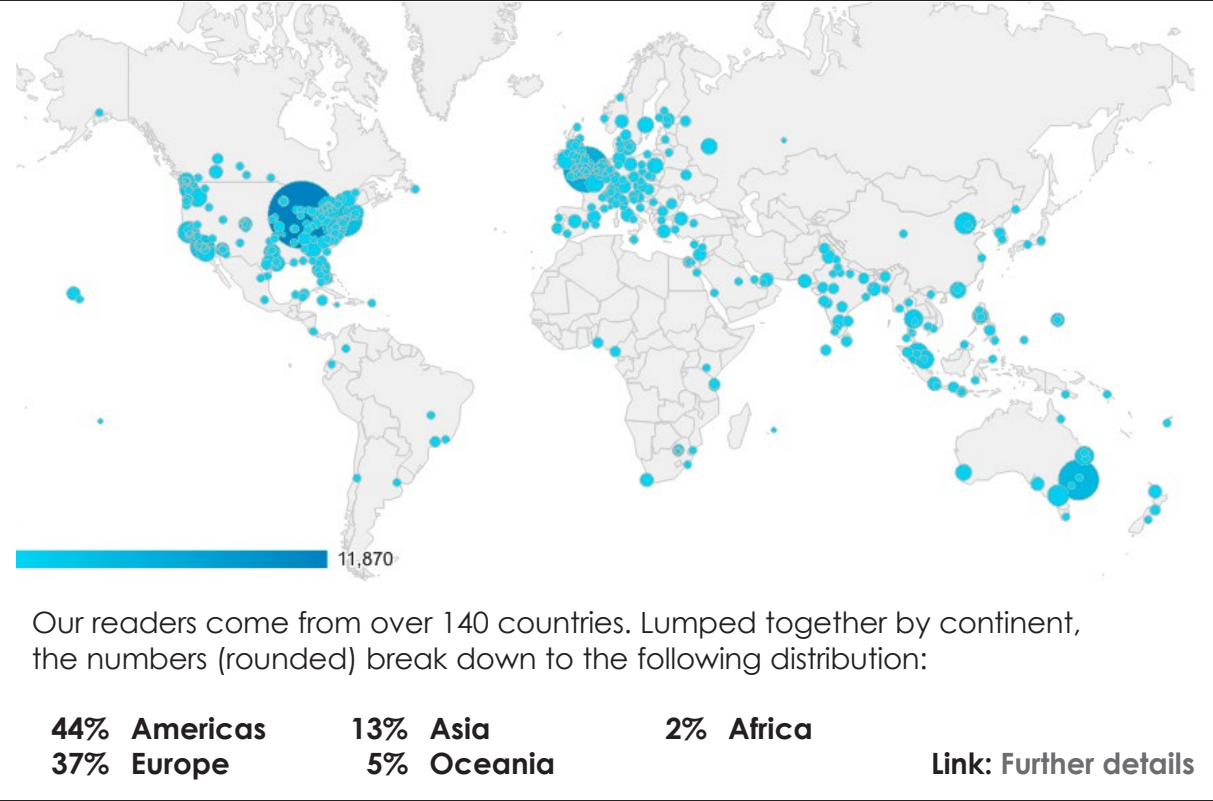

### Travel and Photography:

Average Dive Trips per Year:  
Europeans (2.9), US/Canadians (4.1), Asians (2.8)  
65% own an underwater camera  
Travel Companions: 24% travel with a regular buddy, 21% with a diving domestic partner.

### International Travel Preferences

51% prioritize diving but also appreciate nice landscapes and culture on their trips.

## Readership overlaps global dive community

Our readership closely overlaps with the international dive community, ensuring optimal coverage and penetration in this key demographic.

## Archetypal readers

### Global & Diverse

While our global readership is diverse, we've crafted archetypal reader profiles to better illustrate the range of individuals who regularly engage with our content.

From the affluent, middle-aged professional to the young, adventurous diver, X-Ray Mag resonates with a broad and engaged audience, each exploring the underwater world with enthusiasm and curiosity.

**The business owner and entrepreneur.** A typical European reader is a 39-year-old IT-professional in the private sector.

**The medical professional.** A typical American reader is a 52 year-old dentist with his or her own practice. The average dentist salary in the US is \$200,000.

**The skilled worker.** Another typical reader is a 59-year-old North European craftsman or technical specialist. Typical annual salary is €70,000.

**Students.** Alongside studies and part-time work or stipends, students manage to invest in pursuing diving adventures. This segment constitutes the future of diving.

# Distribution

X-Ray Mag is widely read alongside national and local titles worldwide. While it may be the primary dive publication in some areas, its global reach makes for an unparalleled and unprecedented large

total readership. Consequently, our media constitutes an attractive and effective one-stop shop for reaching audiences in most regions *all at once*.

**TOTAL World-Wide Readership: 183,500**

(Benchmarked 25 September 2023)

**Direct Downloads: 64,000 -79,000 copies per issue**

Each new issue sees not only a surge of downloads upon publication, but new readers also visit our archives and download back issues too.

**Newsletter Subscribers: 41,500**

Of these, 10,600 are industry professionals, instructors, dive centers, resorts, operators and other decision makers—an authentic B2B mailing list! The mailing lists are automatically kept tidy and purged of stale contacts.

**Viral Distribution: 32,700 copies (est.)**

Enthusiastic readers of X-Ray Mag forward and copy issues to others. Users of social media repost or bookmark our magazines, or articles, creating a substantial secondary distribution beyond our site. Surveys have shown that sharing contributes 25-30% of our circulation.

**Training Agencies: undisclosed**

Since 2007, NAUI professional members and divers have been receiving X-Ray Mag subscriptions—regular e-newsletters with download links announcing each new issue. In addition, NAUI promotes X-Ray Mag to tens of thousands of new divers each year. Every NAUI student worldwide receives X-Ray Mag's free sign-up instruction card in the NAUI student kit. ►►

**Distribution Partners: 21,800 (est.)**

X-Ray Mag has teamed up with DivePhotoGuide.com, UnderwaterTimes.com, Wetpixel.com, Underwater.com.au, ScubaBoard.com and many other distribution partners, including some manufacturers.

## Global Presence

Each year, X-Ray Mag participates in 25-30 major dive expos in Europe, USA, and Austral-Asia. Our presence fosters collaboration with local dive communities, reinforcing our status as the only truly global dive publication.

X-Ray Mag exhibiting at DEMA Show

## Partnering with Training Agencies

For example, NAUI also distributes X-Ray Mag. Recipients include existing NAUI members and dive professionals as well as the tens of thousands of new divers NAUI certifies each year, worldwide.

New divers receive printed X-Ray Mag promotions in their student kit, and both regular and professional members will receive the new magazines in their e-mail boxes until they unsubscribe.

## New! Scandinavian Media & Dive Show

In addition to our acclaimed international English media platform, X-Ray Mag, AquaScope Media publishes the Danish-language *Sportsdykkeren* magazine. We also operate web portals in both Danish and Swedish. Collaboratively, we co-produce content and advertising with Norway's *Dykking* magazine and portal. Furthermore, AquaScope Media plays a pivotal role as a co-organizer of the Scandinavian Dive Show.

### Scandinavia: An Affluent Market with an Untapped Potential

Scandinavians enjoy some of the highest living standards in the world. With strong economies and a high GDP per capita, the region boasts consumers with significant purchasing power, making it an ideal market for premium diving experiences and equipment.

### DISCOUNTS:

1. Get 20% off an X-Ray Mag/*Sportsdykkeren* package deal, and reach the Scandinavian market with your ad and article in Scandinavian languages.
2. Get 20% off an X-Ray Mag package when you exhibit at Dykmässan, the Scandinavian Dive Show, held 9-11 February 2024.

# Business Directory

The new interactive Business Directory is aimed at providing maximum visibility and context-sensitive branding for a very attractive annual fee.

A Business Directory entry is made up of two parts:

1. An online listing on our website, describing your dive operation or brand. This listing also provides context sensitive branding across the website.

2. An in-issue ad in our magazine's new classified section.

# General Trading Terms & Conditions

## Workflows & Document Trails

The following documents will be issued from our accounting software: E-economic ([www.e-economic.com](http://www.e-economic.com)). Thus, these communications will appear to come from "**AquaScope Media ApS – X-Ray Magazine post@economic.com**." Please add this domain to your whitelist.

As this third-party system logs all communications, including delivery receipts, it also serves as documentation that our communications have been received.

- Quote/Proposal
- Confirmation of Order
- Invoice
- Account Statements
- Reminders

## What constitutes a contractual agreement?

As the services to be rendered and terms are already described in detail on a Quote/Proposal or Confirmation of Order with possible attachments, the Confirmation of Order also constitutes the contractual agreement between our parties in conjunction with these general terms.

In lieu of having to also sign, scan and email an accepted proposal or confirmation back to us, we consider it an acceptance if you:

- State by email that you accept a received quote or proposal.
- Do not contest a Confirmation of Order or Invoice.

## Reservations & Deadlines

All customers must make a reservation to place an ad by the appropriate deadline. These are stated on the Confirmation of Order or Invoice and listed on [xray-mag.com/Advertising](http://xray-mag.com/Advertising).

An accepted or non-contested Confirmation of Order constitutes a reservation.

Completed artwork and materials must then be received by the copy deadline.

In case of late delivery, X-Ray Mag reserves the right to utilize the allocated space for other purposes. *All charges will still apply and no refunds will be given.*

Confirmations of Order and Invoices state payment information and pay by latest date, which is usually 10 days after publication for companies billable within the European Union (EU).

For clients residing outside the European Union payment is due at the stated reservation deadline prior to publication.

A final invoice (receipt) for your ad will be sent to you upon publication.

X-Ray Mag and its affiliates are not responsible for lost or damaged materials, late deliveries or loss or damages resulting from electronic transfer or communications.

## Discounts

Discounts in the "All-inclusive packages" a.k.a "campaign packages" are based on the number of issues in which you advertise in a 6 or 12-month period. Insertion breaks for ads booked "à la carte" are earned at four-time and eight-time levels. Frequency rates are allowed in advance only with firmed contracts listing specific issues and received by the first closing date. Otherwise, frequency rates are allowed as earned.

## Automatic Renewals

"All-inclusive packages," "campaign packages" and other non-prepaid subscription-based advertising packages will automatically be extended at the end of the initial contract period unless otherwise cancelled no later than 40 days before end of period. *Receipt of cancellation notice must be confirmed by X-Ray Mag.*

## Cancellations

Cancellations must be made in writing no later than 21 days before the next stated reservation date.

Advertisers who cancel their contract before it is complete will be short-rated at the rate earned and will be responsible for incurred costs.

Note "All-inclusive packages," campaign package deals, discounted offers and other non-prepaid subscription-based advertising packages are offered at discounted rates because they are binding and cannot be cancelled early.

## Invoicing

Invoices are usually rendered in the month preceding publication. New advertisers must pay in full for initial ad with order.

## Deposits & Prepayment

For first time customers, we ask for a 40% deposit, which is due by reservation. For customers residing outside the European Union, prepayment is always required.

## No Checks/Cheques Please

We cannot cash them and the world has long since gone digital.

All payments can be subject to the bank's enquiries according to Danish and International anti-money laundering and anti-terror finance regulations and the customer may be required to provide proof of identity.

## Late fees and interest

Finance charges for invoices outstanding beyond 30 days: €30 / US\$40 plus 1% per month of outstanding amount. Please note that in case of late payments, any discounts will also be annulled.

## File Format

X-Ray Mag accepts only electronic files. Pdfs are required for magazine ads, jpgs or gifs for banner ads as per published specifications.

## Repeat Orders

When space is contracted for and no copy instructions are received by the closing date, previous copy will be repeated.

These terms apply solely to services provided by X-Ray Mag and its publisher: **AquaScope Media ApS, Ahornsgade 6, Copenhagen 2200, Denmark**  
**Company/Tax/VAT registration number: DK-30698223**  
Content creation services or other works provided by other collaborative partners are governed by their own respective trading terms.

It is also presumed that orders are for insertion for the first coming issue unless otherwise specified.

## Put It In Writing

Any verbal instructions regarding contracts, insertion orders or changes to copy must be confirmed in writing.

## Positioning

Positioning of ads is at the discretion of the Publisher unless requested placement is ordered and confirmed in writing.

## Rate Changes

Announcements of any rate changes will be made at least 60 days in advance of the closing date of the first issue affected.

## Ad Content

X-Ray Mag reserves the right to reject any advertisement deemed unsuitable.

## Publisher Liability

Conditions appearing on the contract, order or copy that conflict with the Publisher's policies will not be binding on the Publisher.

The Publisher's liability for any error will not exceed the cost of the space. The Publisher assumes no liability for errors in key numbers, nor if for any reason it becomes necessary to omit an advertisement.

## Intellectual property rights

Unless otherwise agreed, intellectual property rights in materials prepared by AquaScope Media ApS belong to AquaScope Media ApS.

## GPDR

As Aquascope Media ApS does not process data relating to a private person, the GPDR-regulation is not applicable to AquaScope Media ApS' standard agreement. However, in the case that personal data is processed, the terms in the Danish and EU-regulation on personal data protection (GPDR) is applicable. All collected data is within the legal limits for the purpose of fulfilling an agreement given to AquaScope Media ApS as a requirement of such an agreement and consensual. Data responsible officer is Peter Symes. Contact info: [editor@xray-mag.com](mailto:editor@xray-mag.com)

## Governing Law and jurisdiction

Any dispute relating to AquaScope Media ApS' works and products will be settled in accordance with Danish law and subject to the exclusive jurisdiction of the Danish courts and with The Court of Copenhagen as it first venue.

## Validity

These terms are valid from 20 Sept 2023 until further notice. X-Ray Mag / AquaScope Media reserves the right to revise these terms at any given time.
